

Product data sheet

MOONLINE LIGHT STRIP 500
06.1142.00
FLOS

Recessed luminaire for indoor use, mounted on plasterboard ceiling/wall, which integrates perfectly into the structural space. Moonline is comprised of extruded aluminium profiles with natural anodised finish. It has a magnetic fixture system that houses the lighting modules, with latest generation LED light sources. Due to this magnetic fixture system, the light modules can be easily installed and repositioned, without the need for specific tools. The lighting modules are available in lengths of 500 mm and 150 mm with opal PMMA diffuser that guarantees uniform lighting.

Light output 1

| | | | |
