Product data sheet

VIVIANA 1046600

FLOS

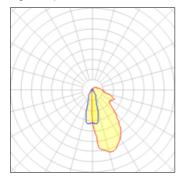

• Outdoor design bollard. • Configuration: hot-dip zinc-coated IPE steel bar (H-frame with base) for high resistance to corrosion. • The emission unit, fixed to the upper part of the bar, is composed of a plastic container with zinc-coated cover. Feeding cables are hosted in a hot-dip zinc-coated cover placed on the back side of the bar.
