ASY WINK 115 LED GE 2700K MEDIUM BLACK STRUC  
13071332  
MODULAR

The new Modular recessed spot Not only Wink's technical ingenuity may best be called remarkable, but also its sense of humor. As its name recalls, Wink is a recessed spotlight that likes to wink at you. The straightforward approach, in combination with refined lines and detailed workmanship, results in a fixture that is half hidden in the ceiling and half peeking out. It has all the features to become a new Modular icon. Wink is perfect for any residential or hospitality project, thanks to its symmetric or asymmetric lighting experience. Its identical design allows you to combine both versions, in order to create different lighting effects in the same room.
