SINGLE ROUND LED 2700K SPOT TRE DIM GI WHITE STRUC  
13031009  
MODULAR

A play of geometric shapes A showdown between square and round shapes. Based on the squared shape of its brother, Single round combines best of both worlds. The M-LED 111 module, designed by Modular R&D, is well hosted in an aluminum cylinder. The singular connection with the hinge contributes to a highly directional fixture. Well fitted for use in specific retail projects thanks to the performant and efficient LED engine.
